The BCL-301 border closing machine closes borders quickly and neatly, ensuring you finish this border production step with good quality and efficiency before moving on to the next operation. The BCL-301 is the ideal machine for quick, simple border closing.

- One-pass closing with lockstitch.
- Greatly de-skills border closing operation.
- Designed to handle thicker goods.
- Adjustable telescoping thread guide.
- Manual operation with auto-tacking, thread trim, and foot lift.
- Heavy-duty triple feed (Walking Foot) for precise seam matching.
- Automatic thread trim for standard or FR thread.

Gribetz® is a collection of the world's leading mattress machinery companies. These Gribetz machinery companies represent leading-edge technology in computerized quilting machines and panel cutters, automated and conventional sewing machines, material handling solutions, and mattress-packaging equipment.
