

TK 900

Multi-Head, Single-Needle Quilter

Quilter from Teknomac™ pairs productivity with artistry, creating beautiful scrolling, single-needle patterns with greater efficiency.

SPECIFICATIONS	TK 900
Speed - Max rpm	3000
Number of sewing heads	1, 2 or 4
Maximum Quilting Width	110 in. (2800 mm)
Maximum Quilting Length	197 in. (5000 mm)
Maximum Material Thickness	3 in. (80 mm)
Recommended stitch length	7 spi (stitch per inch)
Needle size	110
Modem	Yes
Air Pressure (psi/bar)	6 Bar
Electrical requirements	380V, 3 phase, 50/60 Hz
CE Approved	Yes
Shipping Weight	15,432 lbs. (7000 KG)
Model options	1 sew head (TK 900-1) 2 sew head s(TK 900-2) 4 sew heads (TK 900-4)

The TK 900 creates parallel or mirrored patterns with two or four heads simultaneously sewing your designs. It is available in models with one or two lockstitch sewing heads on a single bridge, or four heads on two bridges.

- Sensors detect outer rails to determine exact sewing space.
- Touchscreen operator panel with programmable product features.
- Included CAD/CAM-based software allows you to create your own unique patterns.
- Automatic bobbin changer tracks sewing distances and automatically changes bobbins from pre-loaded magazine when necessary.
- Accurate Teknomac measuring system works with side trimmers and automatic crosscutter to cut completed panels to size.
- Dancer bar system allows panels to be cut to size while next panel is being quilted.
- Automatic thread-break detectors.
- Upper and lower thread trimmers.
- Material runout detector prevents quilting when necessary.
- CE-compliant.

Gribetz® is the world's leading mattress machinery manufacturer with over a century of experience in machine design. Through rigorous stress and strain analyses, and 3D modeling, our engineering team prides itself in building the most durable state of the art machinery in the industry. We specialize in manufacturing high tech computerized quilting machines, panel cutters, automated and conventional sewing machines, material handling solutions, and mattress-packaging equipment.
